

# APPROVED SERVICE PARTNER CERTIFICATE

Advanced Lightning Protection Systems Ltd. hereby certifies that.

**Strike Risk UK Ltd.**

Has been selected as an approved service partner in the region of the United Kingdom.

Strike Risk UK Ltd. has demonstrated a high level of understanding, proficiency and expertise in the installation, maintenance, and inspection of early streamer emission lightning protection systems.

Their commitment and dedication to ensuring the safety and security of structures and occupants against lightning strikes resonates with the benchmarks and standards set forth by our company.

*This certificate will be renewed annually subject to review from the date issued, contingent upon the consistent delivery to a high standard of the services provided.*

Steven Drinkwater

Director, Advanced Lightning Protection Systems Ltd.
